Non-Key Decision request

Form D

**BRIAR WAY, WEST DRAYTON - OBJECTION TO PROPOSED DISABLED PERSON
PARKING BAY**

Dear Cabinet Member

Attached is a report requesting that a decision be made by you as an individual Cabinet Member. Democratic Services confirm that this is not a key decision, as such the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 notice period does not apply.

You should take a decision **on or after Friday, 1 October 2021** in order to meet Constitutional requirements about publication of decisions that are to be made. You may wish to discuss the report with the Corporate Director before it is made. Please indicate your decision on the duplicate memo supplied and return it to me when you have made your decision. I will then arrange for the formal notice of decision to be published.

Anisha Teji
Democratic Services Officer

Title of Report: Briar Way, West Drayton - Objection To Proposed Disabled Person
Parking Bay

Decision made:

Reasons for your decision: (e.g. as stated in report)

Alternatives considered and rejected: (e.g. as stated in report)

SignedDate.....
Cabinet Member for Public Safety and Transport

BRIAR WAY, WEST DRAYTON - OBJECTION TO PROPOSED DISABLED PERSON PARKING BAY

Cabinet Member(s)	Cllr John Riley
Cabinet Portfolio(s)	Cabinet Member for Public Safety and Transport
Officer Contact(s)	Caroline Haywood, Infrastructure, Transport & Building Services
Papers with report	Appendices A & B

HEADLINES

Summary	To inform the Cabinet Member that an objection has been received to the proposed disabled bay on Briar Way, West Drayton.
Putting our Residents First	The request can be considered as part of the Council's annual programme of road safety initiatives.
Financial Cost	The cost associated with the recommendations to this report is estimated at £100 and will be met from within existing revenue budgets for the Transportation Service.
Relevant Select Committee	Public Safety and Transport
Relevant Ward(s)	West Drayton

RECOMMENDATIONS

That the Cabinet Member for Public Safety and Transport:

1. notes the application for a disabled parking bay in Briar Way, West Drayton;
2. considers the objection to the proposed disabled persons parking bay on Briar Way, West Drayton; and
3. approves the installation of the proposed disabled persons parking bay on Briar Way, as shown in Appendix B to this report.

Reasons for recommendations

The formal disabled parking bay is intended to benefit disabled people by designating a parking space for the use of Blue Badge holders.

Alternative options considered / risk management

None at this stage.

Select Committee comments

None at this stage.

SUPPORTING INFORMATION

1. Briar Way is a residential road within West Drayton Ward and is within close proximity to Stockley bypass and access to M4 / M25. Vehicles usually only park on one side of the road to maintain access. A plan of the area is shown on Appendix A to this report.
2. The Council received an application for a disabled parking bay from a resident of Briar Way. The application fully met the Council's assessment criteria for the provision of an on-street disabled parking bay. As a result, a proposal was developed for an on-street bay close to the resident's property, whilst maintaining as much parking for other residents as possible.
3. Approval was subsequently granted by Delegated Officer's Action to progress this proposal to the statutory consultation stage. Formal notice was given of the Council's intentions for statutory consultation on the proposal shown in Appendix B to this report, and a 21-day notice of intent was duly published. During this period, the Council received one email objecting to this proposed disabled parking bay.
4. The objector stated *"Parking is at a premium in Briar Way, especially for residents of 9 – 20 as we have no opportunity to have a drop-down kerb and off road parking because of the grass areas in front of our homes. As it stands there are more residents cars than available road space for parking and this has been exacerbated by the residents only parking scheme which now operates in Lavender Rise and Mulberry Crescent which has caused people, who used to leave their cars in those roads and go off to work into now leaving them in Briar Way."*
5. The comments from the objector are acknowledged. However, from Council officers' site observations and detailed investigations, the applicant meets the Council's assessment criteria for an on-street disabled parking bay. The proposed formal disabled parking bay in Briar Way would be available for any Blue Badge holder to use without time limit. The Council continually reviews the use of on-street disabled parking bays and will consider their removal if they are no longer required due to either a change in circumstances, are reported to be unused or if the resident has moved away.
6. Whilst it is understood that the provision of Blue Badge disabled bays can lead to strong feelings both for and against their introduction, the Council's criteria has been met in this instance. It is, therefore, recommended that the Council proceeds with the formalisation of the disabled parking bay on Briar Way, as shown in Appendix B to this report.

Financial Implications

The estimated cost of installing the proposed disabled parking bay and signpost is £100 and will be managed within existing revenue Transportation budgets.

RESIDENT BENEFIT & CONSULTATION

The benefit or impact upon Hillingdon residents, service users and communities

The proposed disabled parking bay is intended to benefit disabled people by designating a parking space for the sole use of Blue Badge holders.

Consultation carried out or required

Consultation has been carried out on this proposal through a notice on site and in the local press. Local Ward Councillors have also been consulted.

CORPORATE CONSIDERATIONS

Corporate Finance

Corporate Finance has reviewed the recommendations to this report and concurs with the financial implications as set out above.

Legal

The Council's power to make orders to implement a disabled person's parking bay is set out in the Road Traffic Regulation Act 1984. The power to create/provide designated parking places is set out in Part IV of the Road Traffic Regulation Act 1984.

The Traffic Signs Regulations and General Directions 2016 govern road traffic signs and road markings and there are no special circumstances drawn to our attention that would prevent the scheme proceeding provided that the appropriate statutory procedures are followed. The consultation and order making statutory procedures that should be followed in this case are set out in The Local Authorities' Traffic Orders (Procedures) (England and Wales) Regulations 1996 (SI 1996/2489).

In exercising any of the powers under the Road Traffic Regulation Act 1984 (as amended), the Council have to consider their statutory duty to secure the expeditious, convenient and safe movement of vehicular and other traffic including pedestrians, and the provision of suitable and adequate parking facilities on and off the highway. These powers must be exercised so far as practicable having regard to the following matters:

- a. the desirability of securing and maintaining reasonable access to premises
- b. the effect on the amenities of any locality affected including the regulation and restriction of heavy commercial traffic so as to preserve or improve amenity

- c. the national air quality strategy
- d. facilitating the passage of public service vehicles and securing the safety and convenience of their passengers; and
- e. any other matters appearing to the Council to be relevant.

These powers must be balanced with the concerns raised by the objector.

Availability for any Blue Badge holder to use the disabled parking bay on Briar Way is a relevant consideration in deciding whether to make this form of order. In considering the consultation responses, decision makers must ensure there is a full consideration of all representations arising including those which do not accord with the officer's recommendation. The decision maker must be satisfied that responses from the public were conscientiously taken into account.

When making decisions, the Council should be mindful of its public sector equality duty under section 149 of the Equality Act 2010.

Infrastructure / Asset Management

There are no property implications resulting from the recommendations set out in this report.

Comments from other relevant service areas

None at this stage.
