CAPITAL RELEASE REPORT (May 2023)

DIRECTORATE: Place

SERVICE AREA / PROGRAMME: Street Lighting Programme 2023/24

RELEASE NO: 1

Dear Cabinet Member

Attached is a report requesting that a decision be made by you as an individual Cabinet Member. Democratic Services confirm that this is not a key decision, as such, the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 notice period does not apply.

You should take a decision **on or after Wednesday 17 May 2023** in order to meet Constitutional requirements about publication of decisions that are to be made. You may wish to discuss the report with the Corporate Director before it is made. Please indicate your decision on the duplicate memo supplied, and return it to me when you have made your decision. I will then arrange for the formal notice of decision to be published.

Steve Clarke
Democratic Services Officer

Title of Report: Street Lighting Programme 2023/24 - Release No: 1

Decision made:

Reasons for your decision: (e.g. as stated in report)

Alternatives considered and rejected: (e.g. as stated in report)

Signed Date.....

Cabinet Member for Finance / Cabinet Member for Property, Highways and Transport

CAPITAL RELEASE REPORT (May 2023)

DIRECTORATE: Place

SERVICE AREA / PROGRAMME: Street Lighting Programme 2023/24

RELEASE NO: 1

Cabinet Members	Councillor Jonathan Bianco Councillor Martin Goddard
Cabinet Portfolios	Cabinet Member for Property, Highways and Transport Cabinet Member for Finance
Officer Contact	Roy Thabrew – Place Directorate
Papers with report	Appendix A - Capital Release Request for Approval Appendix B - Lighting Columns Replacement Programme Appendix C - Lighting Columns Painting Programme

HEADLINES

Summary	To seek Cabinet Member approval for the release of capital funds.
Putting our Residents First Delivering on the Council Strategy 2022-2026	This report supports our ambition for residents / the Council of: Live in good quality, affordable homes in connected communities This report supports our commitments to residents of: Safe and Strong Communities
Financial Cost	This report seeks the release of £925k from the 2023/24 street lighting column replacement capital budget. The works will commence upon release of the funds and are due for completion by 31 March 2024.
Relevant Select Committee	Property, Highways & Transport Select Committee
Ward(s) affected	All

RECOMMENDATIONS

That the Cabinet Member for Property, Highways & Transport and the Cabinet Member for Finance agree to the capital release request of £925k from the Street Lighting Replacement Programme 2023/24 capital budget for the funding of replacing lighting columns that have reached the end of their useful economic life (Appendix B to the report) and column painting (Appendix C to the report).

Reasons for the recommendation

A current major issue is the structural deterioration of the ageing lighting column stock. The vast majority of columns in the Borough are galvanised mild steel which tend to corrode below ground level, resulting in a high risk of structural failure if continued investment is not programmed.

The project consists of the prioritised based replacement of lighting columns that have reached the end of their life expectancy. The priority is determined from structural testing and inspections. The 549-column replacement programme for 2023/24 is based on the results of structural testing of 2500 columns completed in 2019 and the condition of street lighting assets recorded by the contractor during maintenance work determined on current street lighting asset life expectancy data. Furthermore complaints, petitions and members enquiries were reviewed and proposed for replacement due to the condition of the columns and inadequate lighting levels.

To assist the Council's commitment to the climate emergency, the columns replacement programme has been reviewed to replace the columns with provision for the electric vehicle charging point where the driveway facilities are unavailable, if the demand arises in the future.

The project also consists of the lighting column painting to prolong the life of the asset.

These works will be undertaken by the Council's street lighting term service contractor J McCann. This capital scheme will deliver:

- Improved asset condition – resulting in a significantly reduced risk of failure due to poor condition.
- To ensure that the lighting installed across the Borough is consistent and adheres with current guidance and standards.
- Value-for-money and reduced maintenance costs – reduce the ongoing cost of routine maintenance and non-routine maintenance.
- Improved lighting level for the safety.
- The structural testing will help to identify the high-risk areas to eliminate the risk of catastrophic structural column failure in a timely manner. The consequences of such failure may result in injury, death or damage to property.

The street lighting team will continue to monitor and compile a non-compliance road list when identified as a result night lamp scout checks, members enquiries, complaints, or petition reports.

Details of the replacement lighting columns that have reached the end of their useful economic life is in Appendix B to the report. Those where column painting is required is shown in Appendix C to the report.

Alternative options considered.

- To make safe columns identified as defective and in need of replacement by cutting them down without replacement - this would leave roads without street lighting.
- To follow the previous maintenance policy by carrying out reactive maintenance work only without a planned column replacement programme.
- To find alternative funding.

Select Committee comments.

None at this stage.

SUPPORTING INFORMATION

1. The cost of the column replacement programme is to be funded from the capital programme for street lighting improvement. The column replacement programme of work is estimated to be a total of £5,345k phased across the five years 2021 to 2027.
2. The scope of this contract will include the delivery of:
 - Prioritise based column replacement programme.
 - Painting of columns to prolong the life of the asset.
3. All costs have been calculated using the term service contract contractual rates (J McCann).
4. Lighting in all roads for planned 2023/24 column replacements is compliant therefore only one for one column replacement is assumed.

Table 1: Street Lighting - Column Replacement Cost Plan

Description	Amount (£)
Planned column replacement of 549 including discount (4.0%) No columns from 2019 testing results of 2500 columns and existing information on the asset life expectancy (Appendix B).	784,000
Column painting (Appendix C).	27,600
Project Contingency (10%)	78,400
Street Lighting Engineers Fees	35,000
Total Project Cost	£925,000

Financial Implications

Street Lighting Replacement Programme 2023/24 Budget £925k, Previously Released Nil, Capital Release Requested £925k – Appendix A

The 2023/24 capital programme approved by Cabinet and Council in February 2023 includes a budget of £925k for the street lighting replacement programme funded from Council resources.

This report seeks the release of £925k from the 2023/24 Street Lighting budget to meet the costs of replacing lighting columns across the Borough that have reached their useful economic life. The replacements will be prioritised based on information from results of structural inspection and the testing of lighting columns.

The release request is based on the street lighting term contractor (J McCann's) quoted costs and includes contingency and internal fees of 10% and 4% respectively of the quoted costs.

RESIDENT BENEFIT & CONSULTATION

The benefit or impact upon residents, service users and communities?

- To ensure that the Borough's street lighting is kept in a safe condition thereby minimising the risk of damage or injury to road users.

- To ensure continuity of street lighting by installing replacement columns where defective units have had to be cut down or to prevent them falling down in high winds.
- It will also ensure that the replacement of lighting is undertaken according to requirements before there are any premature structural failures.

Consultation carried out or required.

None required.

CORPORATE CONSIDERATIONS

Corporate Finance

Corporate Finance has reviewed the report and concur with the financial implications set out above, noting that the recommended action to agree a release of £925k for the street lighting column replacement across the Borough will be funded from the approved 2023/24 Street Lighting Replacement Programme capital budget.

Legal

Legal Services confirms that the Council is responsible for carrying out this function pursuant to Section 97 of the Highways Act 1980. Thus, there are no legal impediments to the capital release being authorised, although any contract that is entered into must comply with the Council's Procurement and Contract Standing Orders.

Capital Release Protocol

The release of all capital funds, and certain revenue funds, held by the Council is to be made by a formal democratic decision. No expenditure can be placed or committed by officers until this formal approval is given by Democratic Services. Release of funds must be for identified projects only and strictly not for the general release of funds for projects to be identified at a later date. No block releases of capital or funding will be allowed, except if authorised by the Leader of the Council in advance to Corporate Finance. The release of funds will only be made if previous Council, Cabinet or Cabinet Member agreement has been given to the project and only if there is an approved budget.
